

resnet-50

Image Classification • Microsoft

@cf/microsoft/resnet-50

50 layers deep image classification CNN trained on more than 1M images from ImageNet

Model Info

information

Unit Pricing	\$0.0000025 per inference request
--------------	-----------------------------------

Usage

✓ Workers - TypeScript

TypeScript

```
export interface Env {  
  AI: Ai;  
}  
  
export default {  
  async fetch(request, env):  
    Promise<Response> {  
    const res = await  
    fetch("https://cataas.com/cat");  
    const blob = await res.arrayBuffer();  
  
    const inputs = {  
      image: [...new Uint8Array(blob)],  
    };  
  
    const response = await env.AI.run(  
      "@cf/microsoft/resnet-50",  
      inputs  
    );  
  
    return new  
    Response(JSON.stringify(response));  
  },  
} satisfies ExportedHandler<Env>;
```

▼ curl

```
curl
https://api.cloudflare.com/client/v4/accounts/50 \
-X POST \
-H "Authorization: Bearer $CLOUDFLARE_API_ \
--data-binary "@orange-llama.png"
```

Parameters

* indicates a required field

Input

- 0 **string**

The image to classify

- 1 **object**

- image **array** required

An array of integers that represent the image data constrained to 8-bit unsigned integer values

- **items** **number**

A value between 0 and 255 (unsigned 8bit)

Output

- ▶ **items** **object**

- **score** **number**

A confidence value, between 0 and 1, indicating how certain the model is about the predicted label

- **label** **string**

The predicted category or class for the input image based on analysis

API Schemas

The following schemas are based on JSON Schema

Input

Output

```
{
  "oneOf": [
    {
      "type": "string",
      "format": "binary",
      "description": "The image to
classify"
    },
    {
      "type": "object",
      "properties": {
        "image": {
          "type": "array",
          "description": "An array
of integers that represent the image data
constrained to 8-bit unsigned integer values",
          "items": {
            "type": "number",
            "description": "A
value between 0 and 255 (unsigned 8bit)"
          }
        }
      },
      "required": [
```

"image"

]

}

]

}
